	In-Place	Not-In-Place	N / A		
Facilities and Supplies					
Obtain Supplies: Soap, hand sanitizer (at least 60% alcohol), paper towels, tissues, cleaning & disinfection supplies, cloth face coverings (as feasible), notouch/foot pedal trash cans, no-touch soap/hand sanitizer items.					
Monitor availability and use of gloves when food is prepared and served, and when handling and disposing of trash.		- ×			
Develop a schedule for routine cleaning and disinfection in collaboration with maintenance staff, including the following areas: Buses, high-touch surfaces, communal spaces (restrooms) and shared use items.		0,001			
Develop a plan for staggered use and cleaning/disinfecting of communal spaces.					
Ensure ventilation systems operate properly.					
Increase circulation of outdoor air as much as possible (open windows and doors when it is safe to do so.)					
Ensure all water systems and features are safe to use after prolonged facility shutdown.					
Install physical barriers, such as sneeze guards and partitions, in areas where it is difficult to maintain 6ft apart (reception desk)					
Ensure seating is spaced at least 6ft apart and that desks remain facing the same direction.					
In transport vehicles, ensure one student per row, skipping rows when possible.					
Disconnect water fountains. Have students bring their own personal water bottles. A water bottle dispenser is appropriate for use.					

CONSIDERATIONS	ASSESSMENT					
	In-Place	Not-In-Place	N / A			
Education & Training						
Educate faculty/staff/students and their families about when they should stay home if they have been diagnosed w/ COVID-19 or have been exposed to someone with symptoms or a confirmed case.						
Educate faculty/staff/students and their families about when they can return to school.						
Educate faculty/staff on current Sick Leave policies and encourage staff to stay home when sick without fear of job loss or retaliation.						
Teach/reinforce the importance of handwashing with soap and water for at least 20 seconds.		C -				
Teach/reinforce the importance of social distancing (6ft minimum) and cloth face coverings.						
Train faculty/staff on all safety protocols (conduct training virtually to maintain social distancing)						
Gatherings, Visitors and Events						
Identify opportunities to pursue virtual group meetings, gatherings, field trips, student assemblies, school-wide parent meetings and spirit nights.						
If offering athletic activities, develop a plan to follow that minimize transmission of COVID-19 to players, families, coaches and communities.						
Identify and prioritize outdoor activities where social distancing can be maintained as much as possible						
Restrict nonessential visitors, volunteers, and activities involving external groups or organizations-especially those who are not from the local geographic area						

CONSIDERATIONS	ASSESSMENT					
	In-Place	Not-In-Place	N/A			
Communication & Messaging						
Post signage in highly visible locations to promote everyday protective measures. Locations include: entrances, dining areas, restrooms, classrooms, administrative offices, auditorium, gym, janitorial staff locations, etc.						
Develop plans to include messages about behaviors that prevent spread. Utilize website, email, social media, etc.						
Discuss important tips over the PA system during morning announcements.						
Ensure all communication is developmentally appropriate and accessible for all student including different languages and those with disabilities.		e P				
Preparing for a Sick Student						
Identify an isolation room or area to separate anyone who has COVID-19 symptoms						
Develop a plan to support faculty/staff/students and families experiencing trauma or challenges related to COVID-19.						
Immediately separate the student with COVID-19 symptoms and wait 24-hrs before cleaning and disinfecting space.						
If calling an ambulance, alert them ahead that person may have COVID-19.						
Notify individuals of closures and restrictions put in place due to COVID-19 exposure.						
Designate a specific person/nurse to provide care/monitor sick student. Ensure designated person is wearing gloves, face mask, face shield and disposable gown, if available.						
Advise those who had close contact with a person diagnosed with COVID-19 to stay home and self-monitor.
